

# LAY IT DOWN

---

Arrangement and Instrumentation: Dave Hebert, Band-in-a-Box  
(Style: Country a la Randy Travis, SOGO a la Gaithers, Signature Sound, Booth Bros. etc.)

## INTRO

Lay it down, lay it down  
When my burden's got me bound  
I just take it to the cross and lay it down

Seems like only yesterday when I gave my life to Him  
And I thought that all my struggles would be past  
But I learned that all my strife won't cease—His purpose in my life's not peace  
But to make me just like Him and make it last.

## CHORUS

Lay it down, lay it down  
When my burden's got me bound  
And my journey's getting longer day by day  
Lay it down, lay it down  
When my faith is losing ground  
I just take it to the cross  
And lay it down

So many miles I've traveled since that day so long ago  
So many times I've cried enough to drown  
Still, in all, I've always known His faithfulness will take me home  
When I've given in enough to lay it down

## REPEAT CHORUS

Key change (up 2 intervals)

REPEAT CHORUS and fade
